**PharmaMedia Dr. Müller GmbH (PMM)** was founded in January 2013 by Dr. Rolf Müller, who has also founded heipha Dr. Müller GmbH more than 40 years ago. In the last years we build up the company and we are very proud to be the leader for environmental monitoring medias in Germany and some parts of Europe.

The focus of **PMM** is the production of high-quality culture media as well as supplying state of the art service to customers of the pharmaceutical industry. The production facility in Leimen, Germany, is especially designed to assure the highest level of security.

We have succeeded in manufacturing innovative products which offer a high level of quality and product security. Our product portfolio extends continuously.

We will be pleased to be at your disposal for any question concerning culture media and we are looking forward to receiving your requests.
